SCULPTURAL DESIGN

MAARCORA

THE MYTH COLLECTION

MAARCORA is a Latvian creative atelier dedicated to collectible sculptural design. Inspired by timeless archetypes and handcrafted in Latvia, the MYTH Collection explores the intersection of sculpture, craftsmanship and collectible design.

Each object is produced in strictly limited editions using our proprietary volcanic basalt fibre composite and advanced finishing techniques. Created to transcend time rather than trends, every piece embodies exceptional craftsmanship, enduring materials and a distinctive sculptural presence.

Designed for collectors, galleries, luxury residences and architectural interiors, the MYTH Collection transforms objects into lasting statements of identity and space.
