MAARCORA

OUTDOOR COLLECTION

VOLCANIC BASALT FIBRE

The defining material of the CORE Collection.

MAARCORA

THE CORE COLLECTION

MAARCORA is a Latvian creative atelier dedicated to sculptural outdoor furniture and architectural elements that combine timeless design with advanced composite craftsmanship.

The CORE Collection is handcrafted using our proprietary volcanic basalt fibre composite, bringing together exceptional outdoor durability, refined aesthetics and architectural presence for residential, hospitality and commercial environments.

Each piece is handcrafted in Latvia, with selected finishes and customisation options available to suit individual projects.
